## CAREER OBJECTIVES

- To obtain a creative and challenging position in an organization that gives me an opportunity for self improvement and leadership, while contributing to the symbolic growth of the organization with my technical, innovative, logical skills and to inspire people around me.

## EDUCATION

- **Bangalore Institute of Technology (Bangalore, India)**  
B.E (Computer Science Engineering), College Sophomore. CGPA: 8.9  
**Coursework:** Data Structures, Design and Analysis of Algorithms, Mathematics, Operating System.

## WORK EXPERIENCE

- **Software Engineering Intern at JP Morgan & Co:** Apr 2020 – May 2020  
Worked with InsideSherpa, which offered a virtual internship. I got some insight into some of the tasks done by entry-level graduates in investment banking, in relation to stocks valuation, comparison and graph generation. I got a hands-on experience of Frontend Web Development, Establishing Financial Data Feeds and Data Visualization with Perspective. I learnt and applied Git, Node.js, Python, JP Morgan's open tool perspective, etc.
